## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03/04/2005 has been entered.

### ***Election/Restrictions***

Claims 19-20, 53, 79, 81-82, 84-85, 87, 107-112 and 125 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species 4 which calls for a multi-layer dielectric structure including a metal (non-oxidized portion) and a metal oxide (an oxidized portion) between the first and second conductive capacitor plates, there being no allowable generic or linking claim. Election was made **without** traverse of species 1 in Paper No. 18. Species 1 as elected by applicant does not provide support for a multi-layer dielectric structure including two portions, a non-oxidized portion and an oxidized portion, between the first and second conductive capacitor plates.

The amendment filed on 01/31/2005 presenting only claims drawn to non-elected species is non-responsive (MPEP § 821.03). There is no claims that are readable on the elected species (embodiment 1) because all the claims are directed to other species which are different patentably species from the elected species 1.

Art Unit: 2811

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
